Mont Pelee is Working Over Time—Inhabitants Badly Frightened

A Quarantine Against Indiana May be Ordered This Afternoon by State Board.

LOUISVILLE NEWSPAPER DEAL IS OFF

MORE TROUBLE FROM MONT PELEE.

Fort De France, May 27.—Mont Pelee is again in eruption. Huge black clouds are rolling over Fort De France, which has been threatened for some time, and amid the big mountain of smoke and gas there flashes peculiar forks of electricity.

Consternation again has seized the inhabitants and they are flocking into the great square of the town. A great panic is imminent if the demonstration gets worse.

MAY QUARANTINE AGAINST INDIANA.

Louisville, May 27.—The Kentucky board of health meets this afternoon in annual session, and it is given out on good authority will order a quarantine against Indiana unless assurance is given before the meeting at the Galt house this afternoon that more decisive steps will hereafter be taken to stamp out smallpox. New Albany and Jeffersonville, however, will probably be excepted in the general quarantine.

NEWSPAPER DEAL IS OFF.

Louisville, May 27.—The deal for the purchase of the Louisville Commercial and News is off. Mr. John W. Long, who has been the principal promoter of the effort to re-organize the Republican forces in Kentucky, said today that he has abandoned the effort to secure subscriptions to the stock.

NO MORE SMALL.

POX IN WARREN.

Bowling Green, May 27.—The last smallpox patient in the pest house here was released this morning. There have been twenty-seven city patients altogether, and several from the country. The board of health has done fine work in stamping out the epidemic.

ELECTRICIAN'S WIFE SUICIDES.

Newport, Ky., May 27.—The body of a woman about 25 years of age, well dressed in black silk, was found in the Newport reservoir this morning early. The body of the suicide was identified as the wife of John C. Adams, chief electrician at the Grand opera house, Cincinnati.

CAN'T BE ELECTED BY BALLOT

Frankfort, May 27.—An important decision was this morning rendered in the court of appeals in an opinion by Chief Justice Guffy, reversing the Kent circuit court in the case of A. B. R. Elliott and others against B. W. Burk and others. The court of appeals decides that members of the board of education in cities of the fourth class must be elected by viva voce vote, and cannot legally be elected in cities of this class by secret ballot.

NOT YET ASSURED

But it is Believed Peace is Nearer Than Ever Before.

Reported That Hostilities May be Renewed in South Africa—Warning From Pretoria.

RUMORS OF THE HITCH

Pretoria, May 27.—The prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations is hardly based upon solid facts. The protraction of the conference at Vereeniging is not necessarily a hopeful sign.

The delegates to the conference, although they have abandoned their hopes of securing independence, still have many points of difference with the government, while an obstinate minority continues to regard the resumption of hostilities as the best outcome of the present situation, and at any moment these points of difference may be accentuated into a refusal to continue the negotiations.

It is most unlikely that those who are in favor of peace will throw up the sponge so long as a decent minority is desirous of continuing the struggle, and all these dissonant elements must be taken into account before it is possible to give any sort of prediction as to the issue of the present negotiations.

RUMORS OF A HITCH.

London, May 27.—Just before parliament arose after midnight last night a rumor reached the lobby that a hitch had occurred in the peace negotiations. Nothing official concerning this rumor could be ascertained, but the dispatch to the Associated Press from Pretoria, in which it was said that the prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations was hardly based upon solid facts, may be regarded as an indication that such a hitch has occurred.

Little information from Pretoria has been able recently to pass the censor there.

FORTY-SIX BOERS SURRENDER.

Pretoria, May 26.—Forty-six Boers with their wagons and cattle surrendered at Balmoral, Transvaal, yesterday.

KAUFMAN'S CASE.

OFFICERS DO NOT AGREE ON QUESTION OF JURISDICTION.

The case against I. H. Kaufman, charged with having suffered a game to be set up in his place of business on Broadway during the carnival, was set for today in Magistrate Young's court but will be continued until tomorrow. Kaufman was fined \$300 and costs in the police court several days ago for the same offense and the case was then taken to the magistrate's court in order to test the jurisdiction. The case will finally find its way to the circuit court either through indictment or appeal as County Attorney Graves and Commonwealth Attorney Bradshaw are not satisfied with Judge Sanders' decision relative to the jurisdiction.

ALLEGED FORGER

CUTS HIS THROAT.

Nashville, May 27.—T. J. Tomster, aged 75, and from Ohio, who has been in jail at Manchester, Tenn., for about a year, awaiting trial on the charge of forgery, cut his throat Sunday morning with a razor. He is still alive.

HAVE RETURNED

Trustee Weille and Architect Brainerd Back From St. Louis.

They Were Well Treated There, and are Delighted With the Trip.

Chairman Ben Weille of the building committee of the board of education and Architect W. L. Brainerd returned this morning from St. Louis, where they yesterday made an inspection of the school buildings there. They were shown about by Mr. Alvin Reed, the chief engineer, and Mr. Itner, the chief architect.

They found the buildings not much for outside appearance, but inside they are models of cleanliness and comfort. There is plenty of light and ventilation, which is considered the most essential thing there.

The Paducahans got many pointers from the St. Louis schools. They found that the basements were in many instances cleaner than the buildings here, and as a result Mr. Weille will recommend cleaner buildings and better ventilation.

It is probable that there will be other recommendations also, but the chairman of the committee has not yet decided what they will be.

The object of the visit was to get facts and suggestions relative to the repairs and improvements that are to be made on the Paducah school buildings during the vacation.

While in the Future Great every possible courtesy was shown them. They were shown everything of interest in connection with their visit, and not allowed to spend any money.

VAULT BEGUN

CONTRACTOR LUM FIELDS STARTED THAT FOR THE AUDITOR.

This afternoon Contractor Lum Fields began the work of building the vault to be used by Auditor Kirkland at the city hall. The vault will be two stories high and will run from the basement of the building through the marshal's office into the office of the auditor. The plans were furnished by Architect Lassiter and the work will be pushed as rapidly as possible. As a result of the building of the vault several slight changes will have to be made in the marshal's office and the door will be on the southeast side of the room instead of the east side, as it now opens.

FROST PREDICTED

A Very Perceptible Change in the Weather Here.

Wraps and Heavy Clothing May be Needed Here Yet.

Paducah is experiencing at present quite a difference in the weather from what we had all last week. Until yesterday the mercury had been approaching perilously near the centary mark, the maximum of the week being 89, and on several days the coolest temperature reached was 75.

Yesterday there was a change, and the highest reached was 88, while this morning the temperature went down to 54. Many people wore wraps last night and this morning, but tomorrow the predictions are for warmer weather.

The government forecast for tomorrow is: "Fair and cooler tonight, with frost for the mountain districts. Wednesday fair, with rising temperature."

Each tobacco has been set out since Saturday, and the farmers are unusually busy, owing to the setback resulting from the drought.

LAST HONORS

REMAINS OF THE LATE LORD PAUNCEFOTE TO BE TAKEN TO ENGLAND.

Washington, May 27.—It is evident, from the preparations so far made, that the funeral of the late Lord Pauncefote will be conducted with great dignity, and will be made a memorable occasion. All of the available military and naval forces in Washington and vicinity will take part in the procession.

It is pretty well settled that the remains will be carried to England on an American warship, and that either the Olympia, flagship of the North Atlantic squadron, and Dewey's flagship at Manila, or the Brooklyn, Admiral Schley's flagship at Santiago Bay, which is just returning from Cuba, will be selected for this duty.

TO PROMOTE BROOKE.

Washington, May 27.—Senator Quay introduced a bill providing for the promotion of Major General Brooke, the senior major general of the army to the rank of lieutenant general and for the general's retirement with that rank.

ABOUT LYNCHINGS

An Eastern Senator Wants an Impartial Investigation Made.

He Cites the Recent Fiendish Lynching of a Negro in Texas—Kansas Senator Protests.

THE RESOLUTION WENT OVER

Washington, May 27.—The subject of lynchings has been brought up in congress by Senator Gallinger of New Hampshire, who offered a resolution providing that the judiciary committee of the senate should make an investigation into the subject of lynchings in the United States with a view of ascertaining whether there is any remedy for them.

Mr. Gallinger said he introduced the resolution in full view of the fact that he might be charged with precipitating a sectional controversy, but nothing was farther from his thoughts.

He said lynchings were not confined to the South. Horrible cases had occurred in the North, and while men as well as black had been victims. Throughout the country intense interest was manifested in the subject. He thought it imperative that the judiciary committee should take some action upon the subject. During the past ten years 2,658 lynchings had occurred in the United States. Of these, 121 had occurred in the South and 14 in the North, the remainder in other parts of the country. If the strong arm of the law could reach out to prevent such occurrences he deemed it desirable that it do so. He had read the Associated Press account of the hanging of a negro in Texas a few days ago. He said history did not furnish a more fiendish instance of mob wrath, and Fox's Book of Martyrs was tame in comparison. The whole wretched business, he said, was a disgrace to American manhood, and in the light of which the alleged atrocities in the Philippines paled into insignificance.

The Spanish Inquisition did not furnish a case exceeding that one in inhumanity. He apprehended that it would be said that the Federal government was powerless and that the states had exclusive jurisdiction. If so, the American people desired to know it. Public sentiment should be aroused to prevent such inhuman atrocities.

Mr. Cullerson, Texas, presented and had read an account of a lynching in Kansas, saying that he wanted it known that the crime of lynching was confined to no state or section. He said he hoped the New Hampshire senator would not single out his state when he wanted to bring such cases before the senate. After remarks by Mr. Hoar upon the constitutional feature of the case, the resolution went over.

BATTLE OF 1904

MR. RICHARDSON CORRECTS AN IMPRESSION.

Washington, May 27.—Representative Richardson of Tennessee, the Democratic floor leader in the house, has made a statement correcting an impression which has gained wide circulation that he had declared that imperialism, in his opinion would be the only issue of the congressional campaign.

"I made no such statement and I hold no such views," said Mr. Richardson. "In fact, I doubt whether imperialism will be the leading issue as there are other important things presenting to the public attention."

Mr. Joe Rothschild is in the city on one of his regular trips.

VERY ELABORATE

Audience Was Delighted With "The Hunchback of Notre Dame."

A Magnificent Production by the English Stock—A New Bill at La Belle.

GOOD CROWDS REPORTED LAST NIGHT

Patrons of The Kentucky were lavish in their praise of "The Hunchback of Notre Dame" presented for the first time in Paducah last evening by the English Stock company. The play itself is rather gruesome, but its elaborate production and delightfully artistic interpretation were such as to completely captivate the audience and bring forth the sincerest expressions of satisfaction.

The performance was better than many of those seen this season at the highest prices. The staging was excellent, the acting quick and spontaneous. The costumes, ordered especially for the production, embellish it with a splendor well in keeping with its magnificence. "The Hunchback" is a high class play, but it was not too good for The Kentucky audience. The people appreciated it, and after the third act the applause was so great that response to a curtain call was necessary.

Mr. Trine S. James as "Quasimodo, the Bell Ringer," the hunchback, showed a power and vigor that he had no opportunity to show in any of his previous interpretations. In the more tragic parts he was seen to best advantage. He was ably supported by Miss Franklin Gale as "Esmeralda," the Egyptian. Miss Gale is well suited to the role. She plays it splendidly, and enlists the sympathy of her audience from the start.

Mr. Harmon as "Cland Esmo, the Monk," did clever work. It is the most satisfactory character in which he has yet been seen here. Capable at all times, he shows his ability more to advantage as the unhappy monk than any of those roles in which Paducahans have had the pleasure of seeing him heretofore.

Miss Flekt as "Giselle, a Recluse," does fine acting. Her emotional work makes a vivid impression, and won for her much deserved praise from an appreciative audience. She is one of the ablest members of the company.

Mr. Griggs as "Captain Phoebus" was capital, and did the part full justice, although it is one in which there is little opportunity for a satisfactory display of one's ability.

Mr. Florence pleased everybody with his "Griegoire," a mountebank. His comedy is fine, and he is an entertainer of great ability. His bright work is one of the few rays of light in the sombre tragedy of "The Hunchback."

The other characters, Miss Wayne, as "Mme. Goudelaer," Miss Stockton as "Fleur De Lis," Mr. Seaton as "Spicall, a Gypsy," and Mr. Forsythe as "Clopin, King of Gypsies," did full justice to their parts, which were of minor importance.

Miss Wayne after the first act gave a captivating vocal specialty, which was well received.

The illustrated songs and moving pictures were introduced and gave satisfaction, and will to improved tonight. Manager English arranged for them late yesterday afternoon, there having been a misunderstanding with Kelley and Haines, which was afterwards satisfactorily arranged.

The inclement weather impaired attendance at the La Belle park.

Now that the John K. Speed and
City of Pittsburgh have struck their
streamers for the last time, the old
talk of re-investigating the Cincinnati,
Louisville and Memphis line by ad-
ding a boat or two from the up-river
flotilla has been revived, and from a
gentleman in position to know, it is
certain that the scheme will material-
ize this time. It is said the Virginia,
Queen City, Avalon and Sunshine will
form the line, and that there will be a
boat each week, all taking passengers
and freight for points south of Mem-
phis, subject to transfer at that city.
The only boat left of the Cincinnati,
Louisville and New Orleans flotilla
is the New South, and she is too old
and infirm to be depended upon as a
New Orleans packet, therefore the
Ohio river is practically without one
good boat to perpetuate the commerce
with that city which the people of
this valley have enjoyed ever since
steamboats have been known.

At the headwaters of the coal dis-
tricts there are a total of 30,000,000
bushels of coal afloat and ready to be
sent to the various markets. Of this
20,000,000 are in the Pittsburgh pools
and 10,000,000 in Kanawha river ter-
ritory. The dipper boats at work get-
ting out sunken coal down the lower
Ohio are having remarkable success
in their work, and it is believed that
the actual losses on all that has been
sunk within the past year will not be
over 20 per cent.

The steamer Bottle Owen will prob-
ably be off the marine ways tomorrow.
There has been some little trouble ex-
perienced in securing timber with
which the repairs are made, but the
work has been pushed and the boat is
now about ready to come off the
docks. Since she has been laid up the
Cowling has been doing her Brookport
trade and this morning brought over
two wagon loads of corn.

The new boat built at Golconda by
Captain Frank Lyons out of the hull
of the Golconda will pass down to
day en route to Greenville, Miss., to
enter the trade there. She is built on
the style of the Cowling and is an
excellent boat. Soon after the Gol-
conda accident the people blamed the
small hull for the disaster, but the de-
fect laid in the cabin.

The U. S. snag boat E. A. Woodruff
passed down to Cairo yesterday after-
noon. She will come back to Padu-
cah this afternoon and probably do a
little work about here. This is her
first trip here since the Golconda dis-
aster.

The Thomas Parker arrived out of
Cumberland river this morning with
a tow of ties and went down to Joppa
to unload the same.

The steamer Kuttawa left this
morning for Cumberland river for a
tow of logs for the Langstaff-Orme

Mfg. Co.

The Inverness arrived out of the
Tennessee this morning at 10 o'clock
with several barges of crosettes.

The Beaver passed up this morning
from the lower Mississippi with a tow
of lumber.

The Victor will pass out of the
Tennessee river this week with a tow
of ties.

The John S. Hopkins arrived at 10
o'clock from Evansville with a good
trip.

The Penguin will leave tomorrow
for Cumberland river to bring out ties.

The Mary Stewart cleared at noon
today for Golconda with a good trip.

The Charleston will leave this after-
noon for Tennessee river.

NEW YORK'S WELCOME.

FRENCH VISITORS GIVEN A
CORDIAL RECEPTION IN
GOTHAM.

New York, May 27.—The distin-
guished French visitors who came
over to attend the dedication of the
Rochambeau monument arrived in
New York this afternoon and received
a welcome that could not fail but
leave a pleasant memory. The party
landed at the Battery and were es-
corted by Squadron A and other
military organizations to the city
hall, where the visitors were wel-
comed by Mayor Low. They then
proceeded to the Waldorf-Astoria,
where the mayor returned the visits,
and the delegation, headed by M.
Cambon, received the French resi-
dents of the city. This evening the
visitors are to be the guests of the
Society of the Cincinnati at dinner
at the Metropolitan club.

SUNDAY SCHOOL WORKERS.

Helena, Mont., May 27.—The thir-
teenth annual convention of the Mon-
tana Sunday School association opened
in this city today. It will be in ses-
sion three days. Several hundred de-
legates are in attendance, every county
in the state being represented by from
five to fifteen delegates. Delegates
upon their arrival were taken to
headquarters, where they were assign-
ed to private families who are enter-
taining. The Rev. H. F. Cope of
Dillon is the presiding officer and the
other participants include a number of
well known Sunday school workers
from this and other states.

COMMENCEMENT

AT DAVIDSON.

Davidson, N. C., May 27.—The
sixty-fifth commencement exercises at
Davidson college began this morning,
when the students, alumni and friends
of the institution assembled to hear
the annual oration, which was deliv-
ered by Senator Money of Mississippi.
The oration was followed this after-
noon by the annual alumni meeting
and banquet. The graduation exer-
cises will be held tomorrow.

Trainmaster T. A. Banks is in the
city today.

YESTERDAY'S SHOOT

MR. MOSE STARR WON A FINE
GUN AT THE CONTEST OF
MARKSMANSHIP.

There was a large crowd at the rail-
road gun club's shoot on its grounds
near the depot yesterday afternoon,
and one of the most interesting of the
contests was that for a fine gun offered
by the club, which was won by
Mose Starr by a score of 14 out of a
possible 15. The score for the gun
was: Starr 14, Baker 6, Culver 13,
Davis 13, Brady 13, Mumford 13,
Brown 8, Smith 12, Tapscott 12 and
Hansbro 9.

In the first team shoot the Paducah
Gun club boys won by a score of 46
to 35, as follows:

Paducah Gun club—Davis 12, Mum-
ford 8, Brown 9, Wilkins 10 and Nemo
7; total 46.

The next team shoot resulted in
the railroad boys winning by a tally
of 49 to 39, as follows:

Railroad team—Starr 14, Brady 9,
Mercer 7, Warner 7, Tapscott 12; total
49.

EASTERN TERMINAL.

SEATTLE MADE SUCH FOR THE
GREAT NORTHERN
RAILROAD.

Seattle, Wash., May 27.—The Great
Northern railway company has de-
cided to make this city the chief eastern
terminal of its great line of
Asiatic steamships. It is said, un-
officially but on reliable authority,
that the Hill interests intend build-
ing up a large trans-continental,
trans-Pacific, coastwise and local
trade. Several small steamships al-
ready have been purchased to engage
in the local and Puget Sound trade.
The two great ocean freighters, now
under course of construction, in a
short time will be ready to place on
the run between this city and Asiatic
ports.

RIGHT OF WAY

THE COMMITTEE DECIDED TO
CHARGE THE RAIL-
ROAD \$1,000.

The railroad, telephone and tele-
graph committee of the general coun-
cil met at the city hall yesterday af-
ternoon late and discussed the Illinois
Central's proposition to secure right
of way over a strip of post house
ground. The committee decided that
the railroad could secure the desired
grant by paying the city \$1,000.

The street railway ordinance was
ordered drafted by the city attorney
and presented to the board.

GEORGIA ODD FELLOWS.

Atlanta, Ga., May 27.—The Georgia
grand encampment of Odd Fellows
is in session in Atlanta today, to be
followed tomorrow by the meeting of
the grand lodge. The meeting is the
largest of its kind ever held in the
state, more than 4,000 visiting Odd
Fellows being here from all over
Georgia. The reports of the grand
officers show that the order in this
state has had a year of unprecedented
prosperity, being now larger numer-
ically and stronger financially than
ever before. Great plans are being
made for the big parade to be held
tomorrow.

ARKANSAS LAWYERS MEET.

Little Rock, Ark., May 27.—Emin-
ent members of the bench and bar
from all parts of the state are attend-
ing the annual meeting of the Arkan-
sas Bar association, which began its
sessions in Little Rock this morning.
The sessions, which are to conclude
with a banquet tomorrow evening,
consist of papers, addresses and dis-
cussions on a variety of topics of in-
terest to the legal profession.

WILL MARRY TONIGHT.

Mr. John Friant and Miss Annie
Ellerbrook will be married this even-
ing at 9 o'clock at the home of the
bride's sister, Mrs. James Sherrell, on
Clay street, near Ninth, Rev. Irion, of
the Trimble street M. E. church,
officiating. The young people are
popular in a wide circle, and will re-
ceive the best wishes of a host of
friends.

Third street, says: "An aching back
to a tobacco packer is not only a nu-
isance, but it keeps him in misery. De-
spite all my efforts to cure mine by
using household remedies and trying
treatments guaranteed by friends and
acquaintances, I was unable to check
it, let alone cure it, until I procured
Doan's Kidney Pills at DuBois and

DISTRICT COMMITTEE MEETS.

The Democratic congressional com-
mittee meets Thursday to canvass the
returns from Saturday's primary. It
is claimed that some of the election
officers who served in the county are
kicking because they received but one
dollar, while those in the city received
two. Chairman Charles Emery
says this is the remuneration the com-
mittee decided to pay, and he could
make it no larger.

Many Parties in France.

There is no lack of parties in France.
In the pending elections which will
take place soon, there are candidates
representing no less than twenty-two
parties in Paris alone, the leading ones
being the Nationalist, Conservative,
Militarist, Royalist, Bonapartist,
Republic, Liberal Collectivist, Progress-
ive, Radical, Radical Socialist and
five different stripes of Socialists.
Then there are specialized parties,
such as Anti-Semites and Anarchists
of varied hues.

FOR STUDY OF NEGRO PROBLEMS.

Atlanta, Ga., May 27.—The seventh
annual conference for the study of
the negro problems convened at the
Atlanta University today. Booker T.
Washington of Tuskegee, William Ben-
son of Kowaliga, and representatives
from Fisk, Hampton, Prairie View
and other institutions are among the
participants.

TO THE REFORM SCHOOL.

Sheriff Potter and County Attorney
Graves left this morning at 1:30
o'clock for Lexington with Norman
Reed, Gene Mack, Roy Dunlap and
Robert Buckner, small colored boys
who had been in jail here for some
time for various offenses. They are
alleged to have had an organized gang
for the purpose of thieving.

EQUAL SUFFRAGE

IN AUSTRALIA.

Sydney, N. S. W., May 27.—The
New South Wales parliament met and
organized today. Especial interest at-
taches to the session, as the woman's
suffrage bill occupies a prominent
place in the legislative program.

DEATH IN GRAVES.

R. F. Wilkes, one of the best known

BIG DEMAND FOR POSTAL CARDS.

UNCLE SAM'S PRINTER TURNING OUT 3,000,000 A DAY

One of the most noticeable developments in the postoffice department is the increasing use of postal cards. The number circulated through the mails is increasing every month, and to supply the demand the United States postal printing office up in Richmond Falls, Me., is being run night and day.

It is now turning out 3,000,000 postal cards daily, and still the demand increases. New York, Boston, Chicago, Pittsburg, Detroit, Cincinnati, Baltimore and Troy use more postal cards than other cities.

One of the newest and increasing uses for postal cards is to secure opinions on all sorts of subjects. Whenever a business concern, a social organization or a political body wishes to test the state of public feeling on any point now it circulates postal cards.

INVITED BY THE EMPEROR.

GENERALS WOOD, YOUNG, COBBIN TO ATTEND GERMAN MILITARY MANEUVERS.

Washington, May 27.—It is stated on authority that General Corbin, Young and Wood have been formally invited by Emperor William to attend, as his personal guests, the German military maneuvers next fall. The first overtures in that direction were made by Gen. von Plessen, at the instance of Prince Henry during his recent American visit, but they have since been extended to regular form, and they will be accepted by the three generals.

ONE ARRESTED.

BUT HE MAY NOT BE A MEMBER OF THE GANG.

A man has been arrested at Marion on suspicion of being one of the gang that robbed the postoffice and store of Johnson Brothers at Lola, Livingston county, Sunday morning early. He had a pistol, some burglars' tools and \$3 in cash. The postoffice is located in the Johnson store, and little was secured there.

Kelsey, a small postoffice in Crittenden county, was robbed Friday night, and many stamps stolen. Inspector S. A. Susong has been detailed to work up the case.

WEDDING AT THE MISSION.

Last evening at 7:15 Mr. Arthur McDonald and Miss Mabel Hammala were united in marriage by the Rev. R. W. Ohles, pastor of the Union Rescue Mission.

SEVEN HUNDRED ENGINEERS

THE ANNUAL MEETING BEGAN TODAY AT "THE HUB."

Boston, Mass., May 27.—Delegates have arrived in large numbers to attend the Forty-fifth meeting of the American Society of Mechanical Engineers, which opens with a reception in Huntington hall tonight. The visitors will be formally welcomed by President Pritchett of the Massachusetts Institute of Technology and George A. Kimball, president of the Boston Society of Civil Engineers, the oldest engineering society in America.

Those in attendance include nearly 700 eminent engineers and designers of machinery, the majority of whom are accompanied by their wives or other members of their families. The membership of the society is made up entirely of professional men, the directing, computing and designing engineers of the immense establishments of the country and professors of mechanics in the larger universities and colleges. Many interesting papers by experts in the engineering profession are to be read.

SCALE INSPECTOR.

MR. F. SCHLINKERT PUTTING IN TRACK SCALES AT PRINCETON.

Mr. F. Schlinkert, the scale inspector of the I. C. of Chicago, passed through the city this morning en route in Princeton, where he will today put in a new track scale.

Mr. Schlinkert was in the city last week and made the regular inspection, but will have other work on the division that will keep him here for some little time. Much attention is given the scale department of the railroad. The scales are always open to the inspection of the public, and are as correct as scales can be made.

SUPT. WALLACE COMING.

HE IS ROUNDING UP HIS BUSINESS PREPARATORY TO THE CHANGE.

Supt. H. U. Wallace of the Louisville division of the I. C. will probably arrive in Paducah tonight.

He came from Chicago via Evansville, and will arrive in Louisville some time today, supposedly to wind up his business preparatory to making the change to the Freeport division of the I. C.

He will meet Mr. W. J. Harahan there, and both will probably pass through Paducah together en route to Chicago.

Rev. John Cunningham of Canton is visiting his parents at Fourth and Morrow streets.

INDIANA LITERATURE.

THE STATE CLUB ARRIVES FOR THE ANNUAL MEETING AT VALPARAISO.

Valparaiso, Ind., May 27.—Many delegates and other visitors have arrived for the annual meeting of the Indiana Literary Union. The sessions begin in the Presbyterian church tonight with the annual address of the president, Mrs. S. E. Perkins of Indianapolis. For the succeeding sessions, which are to continue through Thursday, an interesting program of papers and addresses has been arranged.

The Indiana Literary Union was organized in 1889 at a meeting held in Richmond. The movement to organize the Union was started by Miss Elizabeth Nicholson of Indianapolis. At the first meeting there were twenty-five delegates. The scope of the organization has grown larger each year in proportion to the organization of educational and literary clubs in all parts of the state. At the present meeting the attendance includes representatives of 181 clubs located in all parts of the state.

THE COMMENCEMENT.

REHEARSALS BEGIN IN A WEEK OR TWO—ONE SESSION PLAN PLEASING.

The program for the Paducah High school graduation exercises has been forwarded to the St. Louis publishers and will be printed immediately. They will be returned for distribution by June 1, and will probably be the prettiest cards ever selected. The rehearsals will not begin for a week or two yet but the pupils have nearly all prepared their numbers.

The teachers are delighted as well as the pupils with the one session recently inaugurated by the school board. School is taken up at 8 o'clock and dismissed at 1:30. This was done, as before stated, on account of the hot weather and meets with the approval of both teachers and pupils.

TENNESSEE CENTRAL.

THE FIRST TRAIN WAS RUN TODAY, AND THE OPENING WAS MOST AUSPICIOUS.

Nashville, Tenn., May 27.—The entry of the first train over the new Tennessee Central railroad was made the occasion for the gala celebration in Nashville today. The train was met at Lebanon by Governor McMillan, Mayor Head and a notable delegation of business men. Its arrival in the city was signaled by the blowing of whistles, the ringing of bells and the booming of cannon. A big parade of military, civil and fraternal orders followed its arrival.

SALVATION ARMY.

THE TWENTY-SECOND ANNIVERSARY TAKES PLACE TONIGHT.

New York, May 27.—Carnegie hall is to be the scene of great times tonight when the Salvation Army ladies and ladies assemble to celebrate the twenty-second anniversary of the organization. The meeting will be conducted by Commander Booth Tucker and his wife, the consul. The commander will give an address on "The Retrospect and Prospects of the Salvation Army," and the consul will speak on "Woman's Place and Work in the World."

WILL RESIDE HERE.

The family of Conductor I. D. Farrington of the I. C. here will remove from Kenton, O., this week to reside here. Mr. Farrington was formerly yardmaster at that place, but lately accepted a position with the I. C. here.

A WELL FILLED TREE.

Mr. Ed Gaynor, of Mechanicsburg, has a plum tree in his yard that is literally overloaded with the green fruit. There is scarcely an inch on it except the trunk, that hasn't a cinder of the expanding fruit.

DO NOT NEGLECT THE LITTLE ILLS OF TODAY

The Use of

Paine's Celery Compound

Will Eradicate from the Blood and System the Seeds of Disease.

As grains of sand make our lofty mountains, drops of water the mighty ocean, and as our massive buildings are made of one brick piled upon another, so do the little ills of life contribute to the building up of deadly diseases in the body.

Experienced medical men claim that fully three fourths of our men and women enter the summer season with little ills and symptoms of disease, which must develop into serious and fatal troubles if not banished at once.

We hear our friends complaining daily of rheumatic tendencies, sharp and darting neuralgic pains, dyspepsia, pains in the side and back, nervousness and sleeplessness; and we see with our own eyes the effects of impure blood in facial blotches, eruptions, and sores. The little ills and pains of today build up the alarming and fatal diseases that follow days and weeks of neglect.

Wise and intelligent people who have looked into the claims of Paine's Celery Compound and followed its remarkable cures of relatives, friends, and neighbors, see it themselves with faith and confidence, to banish their symptoms of coming troubles, to cleanse the blood, to re-establish a nerve force, energy, and bodily strength, so that they will be in condition to withstand the enervating effects of the coming hot weather.

In every community where Paine's Celery Compound has been used at this season to banish disease, it is regarded as a godsend. Workers in offices, shops, factories, and weary and run down wives and mothers in their homes have thanked Heaven for Dr. Phelps' marvelous prescription, because it made them well. Try a bottle or two, ye who are ailing and sick; it will give you what you most stand in need of—health and new life.

SENATOR M'BRIDE WEDS.

New York, May 27.—Former United States Senator George W. McBride, of Oregon, and Mrs. Laura Walter Schwichtenberg, of the same state, were married at the rectory of the Church of the Ascension in this city. Senator J. H. Mitchell, of Oregon, and Mrs. Harriet Potter Nonre of New York, were present at the wedding, which was followed by a banquet. Ex-Senator and Mrs. McBride will journey through some of the New England states and will go to Oregon in July.

HEAVY FINES ASSESSED.

Lexington, Ky., May 27.—Fines aggregating \$10,500, to say nothing of the costs attached, were entered by Judge Hinkley in the county court yesterday against citizens of Athens, charged with the illegal sale of intoxicating liquor. Judge Hinkley had heard reports of the illegal sale of liquor in Athens, and on his own motion, under a provision of the statutes not used here in many years, began an investigation of the cases.

HAS MONEY TO BURN.

Captain Henry Bailey, of the night police force, is expected back this evening with St. Clair, the man wanted here for running a game during the carnival. It is said that St. Clair is very wealthy, his father being a millionaire. Indianapolis is his home.

TO SUCCEED HIMSELF.

Lima, O., May 27.—The Democratic judicial circuit convention was called to order today by Hon. W. L. MacKenzie of Lima. All indications point to the re-nomination of Judge Caleb H. Norrie of Marion.

MEANING OF A COW LAW.

A writer in a contemporary undertakes to defend the town cow. He is doubtless honest in his convictions, but he takes an entirely erroneous view of the cow question. The object of a cow ordinance is to deprive no one of his cow, and there is no necessity of its depriving anyone of his cow. It is simply to compel unscrupulous cow owners to keep their cows at home. A man has no more right to send his cow over the city to prey on other people's flowers and shrubbery than he has to send his cook out to secure material for his dinner from a neighbor's pantry.

The old plea is inevitably made by the cow champion that most of the cow owners are "poor people." They always ring in a few touching remarks about the "poor widow and her seven little children." Most of the cow owners in Paducah are people of means. They are able to take care of their cows, and even if they were not it would give them no moral or legal right to send them out in the city to be fed at public expense. It doesn't make any difference how many hundred acres of vacant property with grass that might grow up, decay and become a menace to health, there might be, or how much the owner wants the grass cut. If he wants it cut he can pay for it. If he doesn't and the decaying vegetation becomes a menace to public health, he can be prosecuted for maintaining a nuisance.

All the people in general wait for those who own cows to refrain from turning them loose on a helpless public. There are two ways to do this. One is to keep the cow in the stable lot, and the other to have her driven to the commons, watched during the day, and driven back at night. This may be troublesome and objectionable to some of the cow owners, but they are so greatly in the minority, and there are so many more whose interests are to be considered as well as these handful of cow owners, that the council should have no hesitancy in passing a cow law.

HOW WE EXCEL.

The United States becomes greater every day as a producer. The proportion of manufactured goods manufactured here is twice as great as in England.

Of manufactured goods we contribute more than one-third or 34 per cent of the world's production. We exceed Great Britain, says Henry Gannett in the Forum, in the making of woollen cloth, linen, paper, glass, iron, and steel. Of woollen cloth we make one-fourth of the product of the world; of cotton cloth one-fifth, exceeded only by Great Britain; of linen 27 per cent, "more than twice as much as Germany our nearest competitor;" of paper 46 per cent, "three times as much as Great Britain and nearly four times as much as France;" of

glass nearly 33 1-3 per cent, while France makes less than 25 per cent; of iron 34 per cent and of steel 37 per cent; of copper 33 per cent; of lead 25 per cent; of silver 33 per cent and of gold 31 per cent. If the comparison were continued through the list of manufactured goods that represent only one stage of skilled labor, we should meet with many other striking percentages.

This is all largely due to the efficiency of the American workman who is the best paid in the world, thanks to the benefits of protection afforded through the Republican party. In the United States the average gross manufactured product of each artisan is \$1900 per annum; in France \$650, and in Germany \$450.

There is probably nothing to be gained by an investigation of lynchings. There are a number of causes, and contributory causes, and there is nothing that can remedy the existing state of affairs as long as men are men. This may be a pessimistic view to take of it, but it is nevertheless true. The delay of the courts, race hatred, brutal deeds of human fiends, and lawlessness on part of people in certain localities are responsible for most of the lynchings. Whether there is any excuse or not, or whether there is any justification or not, there will doubtless be lynchings as long as there are men willing to take part in them, and men mean enough to provoke them. There is no particular advantage in congress investigating the question, for no matter what the cause, the effect will remain unchanged. In most cases of lynchings the sentiment of the community is with the lynchers, and as long as it is, there is no use trying to stop it. It will break out in a new place every day. We are opposed to lynchings from first to last, but from the rapid increase in them in past years, it looks as if there is no way to prevent them and if there is none, there is no advantage to be gained by congress investigating them, while there is a strong possibility of much unnecessary ill feeling being engendered by such an inquisition.

Everything went Democratic Saturday, but it may go different next November. Not all the Democrats are in favor of the Goebel machine, and it is certain the Republicans are strenuously opposed to it. A question that is puzzling the Democrats is, what became of the other 50 per cent of the Bryan vote? And another thing that is destined to occasion them some worry is, where will this 50 per cent of the vote, together with the Brown Democrat or goldbug vote, go in the final election? When the Democrats can answer these questions, they can tell pretty well how the congressional election will go next November.

The city has thus far made no provision for improving the streets and sidewalks, and done nothing towards bettering the condition of the public wharf. The pavements should be extended from First street to below the lowest point reached by the boatstore. The condition of things especially after a rain, is simply disgraceful. There should be a pavement on the wharf as far down as the stone portion of the levee, to insure a good footing for both man and beast.

"Chairman" Frank Digel of the Democratic county committee, is quoted as saying that he remembers nothing about the congressional committee at its meeting here, fixing the price to be paid the election officers who served at Saturday's primary. He also probably remembers nothing about being kicked out of that meeting. As he was not allowed to attend the meeting, it is hardly remarkable that he doesn't remember anything that took place there.

The Paducah Elks seem to be unusually lucky. They made a success of their carnival despite a \$6,000 expense, and had the most beautiful weather imaginable. The carnivals since in other places have barely cleared expenses, and some of them have lost money. No wonder the carnival companies all like to come to Paducah. They are not sure of snail-

ble weather anywhere else.

If the city is trying to gorge the railroad company by asking \$1,000 for a right of way over the post house property, the railroad company should simply bring suit to condemn. Fair minded people will not sanction an effort to "do" the railroad company simply because it is a corporation and is supposed to have plenty of money.

The laboring men will not vote for James. They know what he said about them in his speeches in defense of nonunion miners recently. He is alleged to have called union men "anarchists," and many are open in their opposition to him.

Hon. Ollie James says he will have no trouble beating the Republicans in November, but he has not yet succeeded in demonstrating his logic. Sam Crossland said the same thing when he stacked up against the machine Saturday.

Kentucky may be pretty bad, but she has not yet reached a state of desperation sufficient to make Henri Waterson governor.

The only consolation the Mayfield Messenger gets out of the recent Democratic primary is that Crossland carried Graves.

HANNA'S PLATFORM

INDORSES NATIONAL ADMINISTRATION WITHOUT SPECIFICATIONS ON CUBAN RECIPROCITY.

Cleveland, O., May 27.—Many delegates and visitors to the Republican state convention, which meets here tomorrow, have already arrived in the city. Senator Hanna remained at his residence today, but will be in his quarters in the Hollenden hereafter. It is understood that the platform has been prepared by the Ohio senators and congressmen which has been submitted to some delegates. It is said to indorse the national administration strongly in general terms, without specifications on Cuban reciprocity and some other questions. The Philippines policy is unequivocally indorsed with a special expression of confidence in Governor General Tatt.

CAUSE OF DISASTER

A GAS EXPLOSION CAUSED THE FRATERVILLE CATASTROPHE.

Knoxville, Tenn., May 27.—State Labor Commissioner and Mine Inspector R. A. Shifflet gave a statement at noon, says a special from Coal Creek, Tenn., in which he fixes the cause of the explosion in Fraterville coal mine last Monday. He says it was a gas explosion, and not a dust explosion, as has been stated by many. Also that he has found "three or four bad leaks in the old Knoxville Iron Company's mine from which gas flows into the Fraterville mine," thus confirming his original opinion. He will continue his thorough inspection of Fraterville and Thistle mines until every foot of their area is covered.

The gas leaks were found about 4,000 feet in the Fraterville mine from the main entrance. There are holes in the wall between the Fraterville mine and an abandoned mine of the Knoxville Iron company.

HEROIC YOUTH

HE SAVED HIS SWEETHEART, BUT LOST HIS OWN LIFE.

Ashland, Ky., May 27.—Arthur Madden, aged 21, and Miss Ethyl Hallett, aged 18, sweethearts, of Soldier Station, on the O. and O., west of this city, were driving and in attempting to cross Tygart creek, swollen by the heavy rains the buggy was upset. Young Madden placed the girl on his back and swam ashore. He then plunged into the waters to save his horse, but the swift current carried him under the buggy and the struggling animal and he was drowned.

The young girl witnessed her lover's struggles and death, helpless to aid him. Both were highly connected. They were soon to have been married.

WU CHANGED HIS MIND

DECLINED TO VISIT CHARLESTON EXPOSITION AND THEN ARRIVED UNHERALDED.

Charleston, S. C., May 27.—Wu Ting Fang, the Chinese minister, who had been formally invited to the exposition and had declined, today unexpectedly arrived here, accompanied by his private secretary, Mr. Chung. Today Mr. Wu expressed great admiration for the exposition.

Afterward he drove through the main streets of the city and tonight was entertained at the Charleston club. Tomorrow morning he will visit the Isle of Palms and probably take a dip in the surf, and in the afternoon attend a reception given in his honor in the Woman's building at the exposition, when, much to his pleasure, he heard that he would see hundreds of pretty Charleston girls. He will leave here tomorrow night for Milledgeville, Ga., where he is to speak before the Georgia state college.

FATALLY SHOT RIVAL.

FRANK ROBINSON KILLED HIS SWEETHEART AND PUT A BULLET IN HIS OWN BREAST.

Kansas City, Mo., May 27.—Frank Robinson, aged 20 years, today shot and killed his sweetheart, Gerlie Rawlins, aged 16 years, shot and fatally wounded his rival, Albert H. Ferguson, aged 19 years, and shot and fatally wounded himself in an apartment house in this city. Shortly before the tragedy was committed Robinson wrote a note to his mother in which he said that Ferguson had supplanted him in the affections of the girl he loved and he proposed to kill them both and then commit suicide. He proceeded to the room where Ferguson and the girl were, and upon being admitted drew his revolver and opened fire on the couple. The girl was shot near the heart. She rushed screaming into the street where she fell dead. Ferguson was shot in the abdomen. Robinson shot himself in the left breast and his death is momentarily expected.

SLASHED OFF HIS ARM

A MORO ATTACKS TWO OFFICERS NEAR THEIR CAMP IN MINDANAO.

Manila, May 27.—While Second Lieut. Robert O. Humber of the Tenth infantry and Sergt. Walling of the same regiment, were walking about six miles from Camp Vickers in Mindanao they perceived a single Moro carrying a flag of truce. When the native had approached close to the Americans he suddenly drew his knife and slashed Sergt. Walling, cutting his arm completely off. Lieut. Humber attempted to shoot the Moro, but his revolver misfired and the native escaped in the tall grass. General Davis, the commander of the American forces in Mindanao, has reiterated his orders that no American soldiers are to leave camp unless in a party of at least eight men, who must be armed and prepared for an emergency.

W. C. T. U. OFFICIAL CALL.

Boston, May 27.—The official call for the sixth biennial convention of the World's Women's Christian Temperance Union, which has just been issued, designates Geneva as the place and June, 1903, as the time for the meeting.

ZIONISTS CHOOSE CHICAGO.

Boston, May 27.—The American Federation of Zionists today decided to hold the next convention in Chicago. It was reported that between \$150,000 and \$200,000 worth of shares in the Jewish colonial trust have been taken in.

MAN MISSING

LEFT HIS COAT AND HAT ON THE RIVER BANK AND MAY HAVE DROWNED HIMSELF.

St. Louis, May 27.—After writing to a brother in London, England, to cease sending him money, Dr. Edward L. Thurnman disappeared Sunday, leaving his coat and hat on the river bank. The coat contained a check for \$140, a gold watch and two letters.

Relatives of the missing man are in doubt whether he committed suicide or left the city after placing his coat and hat by the river to suggest drowning.

Lack of immediate success in his chosen profession had discouraged the young physician, and he had for several weeks past been seeking employment.

LOCATES HERE

SPECIAL AGENT W. J. LAFFEY IS TEMPORARILY LOCATED IN PADUCAH.

Mr. William J. Laffey, special agent of the I. C. Louisville division, has removed his office to Paducah and will hereafter make this city his headquarters.

The move was made yesterday for his convenience and today he is installed in the local ticket office. His many friends here will be pleased to learn that he has made this city his headquarters.

DROPPED TEMPORARILY.

MR. GEO. T. HOWSER WILL NOT RETURN TO PADUCAH.

The Y. M. C. A. building project has been dropped probably for the summer as the heated season is considered an unfavorable time to push such work. Secretary Eacott said this morning that Mr. George T. Howser, of Chicago, who was employed to aid in securing the subscriptions, would not return to continue the work. The matter might however be worked on a little during the summer but will not be picked up again for active canvassing until the approach of winter.

MISS YEISER HURT

Her Buggy Struck Another on a Hill Today at Noon.

She Was Thrown Over a Fence and Received Painful but not Serious Bruises.

Miss Anna May Yeiser, daughter of Mayor D. A. Yeiser, met with a painful but not serious accident today at noon as she was driving out Broadway to her home in Arcadia.

Miss Yeiser was driving at a rapid rate when she reached the hill on Broadway just past Fountain Avenue, and when she attempted to pass a buggy occupied by Attorney L. K. Taylor, who was also going home and driving in the same direction, she misjudged her distance, and thought she had space enough to pass. Attorney Taylor did not hear her coming, and did not have time to make more room when her buggy struck his and the fence bordering the hill also. Miss Yeiser was thrown over the fence and down the embankment, alighting on her right hip and arm, and severely bruising them. Attorney Taylor picked her up and drove her home. A medical examination failed to reveal any broken bones, but she had a narrow escape indeed. The buggy was broken up considerably, and the horse breaking loose from the vehicle, ran on out the street. Attorney Taylor's buggy suffered little damage.

LOCAL BASEBALL

Effort to Bring the Memphis Club Here Unsuccessful.

It Was Desired to Place Paducah on a Northern Circuit.

An agent from the Memphis baseball team was in the city yesterday to arrange for a game between the Paducah and Memphis teams.

He met Messrs. Sam Jackson and Kenny Murray, and had a talk with them, but little satisfaction was given him, as Paducah is not yet fixed for such games, and the date could not be arranged. The Memphis team has been playing excellent ball during the past few weeks, and has been working a northern circuit. The intentions of the management were to map out a northern circuit, and Paducah had been placed on the route. The local fans were sorry to disappoint the manager, and the game would no doubt be a good one.

MOVING PICTURES.

MR. KELLY, OF KELLY AND HAINES, MADE HIS APPEARANCE AT THE KENTUCKY LAST NIGHT.

The little misunderstanding between Kelly and Haines, song illustrators and moving picture artists, and Manager English was adjusted amicably

last night, and they made their appearance at The Kentucky as advertised, and made a pronounced hit. Kelly and Haines will continue to give illustrated songs and the latest moving pictures nightly at The Kentucky, giving changes twice weekly. They will prove a very strong drawing card. A bout of Mr. Kelly is given at the head of this article.

VERY ELABORATE

Continued from First page.

theatre last night, but nevertheless quite a number attended the first performance of "Man and Master," and were treated to an excellent performance of a thoroughly good drama. The play has quite a number of thrilling situations and the interest is unflagging from the first to the last word spoken.

All members of the cast were unusually good, but the hit of the play was undoubtedly Mr. E. W. Parker in the role of "Larry," whose loyalty and devotion to his employers and outspoken defiance to their enemy made a great impression on the audience. The character is an exceedingly hamorous one, but withal full of sentiment and nobility, and Mr. Parker caught the right spirit and interpreted it in an artistic manner.

"Man and Master" will be repeated tonight and again tomorrow night, and on Thursday will be produced Mr. Middleton's effort, "Mr. Young of Utah."

Manager J. E. English announces that a marriage will positively take place on the stage of The Kentucky this evening, although the couple whose names were first published lacked out and have already been married. He had another couple in reserve and they will positively be married this evening as announced heretofore.

Mr. Roy Potter, the new treasurer of The Kentucky, is a popular young man and not without some experience in the profession. He was with a carnival company all last season and has been seriously thinking of going on the road. He is thoroughly familiar with his duties, and has the slang down to a "t."

Buckskin Bill's Wild West, which left Paducah early this month, is now in Louisville, and thus far its season has been a most successful one.

ABLE SERMON.

PREACHED BY REV. G. W. BANKS AT TRIMBLE STREET METHODIST CHURCH.

An interested audience was at the Trimble street Methodist church last evening to hear Rev. G. W. Banks, who is assisting the pastor, Rev. J. W. Irion, in conducting a revival there. Mr. Banks preached a thoughtful and able sermon based upon the text, "Why Stand Ye Here All the Day Idle?" His words were earnest and forcible and were calculated to make each one present ask himself the question and ponder its meaning and effect. As is usual in the beginning of a series of meetings, the sermon was addressed principally to the church members. Mr. Banks is a strong preacher and holds the attention well. He will preach again tonight. There will be service every morning at 10 and every night at 8 o'clock throughout the week. A cordial invitation is extended to all to attend.

FOR A DIVISION

FRIENDLY SUIT FILED IN CIRCUIT COURT TODAY TO SELL PROPERTY.

A friendly suit was this morning filed in the circuit court by Attorneys Moss and Moss to secure the sale of property and divide the proceeds. L. W. Boswell sues K. R. UNKNOWN ASSAILANT.

CIGARMAKER STRUCK TWICE AND PAINFULLY HURT.

Mr. George McRoark, the cigar-maker, was struck in the eye last night about 11 o'clock at Third and Washington streets by some unknown man and knocked down.

He was going to the St. Nicholas hotel where he lives and had reached Third and Washington streets when a man and a woman passed. He did not notice them and was surprised to receive a hard lick in the back of the head which was followed by a blow in the face which knocked him down. He got up and the man had disappeared. He said nothing to his assailant and is at a loss to understand why he was assaulted unless it was a case of mistaken identity.

A BAD WRECK

ABOUT \$60,000 IN HORSES IN A SMASHUP.

Lexington, Ky., May 27—W. S. Barnes, of the famous Melbourn stud, received a telegram stating his consignment of valuable thoroughbred yearlings shipped from here to New York Saturday to be sold June 4 were wrecked between Long Island City and Sheephead Bay and twenty-one of the thirty head badly hurt and the others more or less injured.

The consignment was valued at \$60,000. They were considered the pick of the yearling crop raised by public breeding establishments in Kentucky this year.

MARRIED LAST EVENING.

Harry Allen, white, aged 46, a cook by trade, and Annie Shelton, aged 38, were yesterday afternoon late licensed to wed. It will make the first marriage of the groom and the third of the bride.

MUSICAL THIS EVENING.

Mrs. W. T. Miller's music class, assisted by other high class local talent in music and recitation, will give an entertainment at Tenth street Christian church this evening. If you wish to spend an evening profitably and pleasantly be sure to attend, 8 o'clock.

GRADES CUT DOWN

ON ILLINOIS CENTRAL IN PLACES WHERE MOST NEEDED.

The last contracts have been let for completing the double track of Illinois Central from Jackson, Miss., to New Orleans. This will give the system a double track, low grade line from Chicago to New Orleans, as the double tracking north of Cairo is already practically completed. The grade from Mounds to Fulton has been out from fifty-two to thirty-seven feet. Between Fulton and Memphis and Yazoo city, via Tutwiler, there is practically no grade, and between Yazoo City and McComb City the grade has been out from thirty-seven to twenty feet.

JUSTICE EMERY NOT ELIGIBLE.

Judge Charles Emery, who has been mentioned as a probable successor to the late Justice Nat Morris, in the Fourth district, is not eligible because he does not reside in the district. He formerly held the position in the district, but last fall the county was re-districted, which removed him from it.

Mr. E. J. Kniekerbocker of the O. and E. L. was here from Mt. Vernon last night.

COMMUNITY SHOCKED.

FRIENDS OF MISS WILCOX FOUND HER BREATHING HER LAST.

The town of Morray was greatly shocked by the suicide of Miss Della Wilcox, chronicled yesterday afternoon. The pistol used by the young lady, who was only 19, was her brother's, and she went to an outhouse nearby and shot herself through the heart.

Two girl friends who were with her but a few moments before heard the shot, and when they reached her, found her breathing her last. Despondency, caused by ill health, is supposed to have been the cause of her rash act. The funeral took place yesterday.
